Education

- Oct 2013–Nov. 7, 2017 University of Lausanne
PhD in Social Sciences
Advisor: Prof. Dominique Vinck (UNIL)
Co-advisor: Prof. Sabine Süssstrunk (EPFL)
- Sep. 2011–Feb. 2013 University of Lausanne
Master of Arts
Political Science
- Sep. 2007–June 2010 University of Lausanne
Bachelor of Arts
English Literature
Political Science
Philosophy

Employment history

- Feb. 2023 – Present Researcher & Lecturer
The Tech Hub
Geneva Graduate Institute of International and Development
Studies
Adviser: Dr. Jérôme Duberry
- Sep. 2020–May 2023 SNSF Senior Researcher and Lecturer
Institute of Social Sciences, STS Lab
University of Lausanne
Adviser: Prof. Francesco Panese
- Jan. 2019–Aug. 2020 SNSF EarlyPostdoc.Mobility Fellow
Centre de Sociologie de l'Innovation (CSI)
Mines Paris, PSL Research University
Adviser: Prof. Fabian Muniesa
- Oct. 2018–Dec. 2018 Postdoctoral Researcher
Digital Humanities Institute (DHI)
École Polytechnique Fédérale de Lausanne (EPFL)
Adviser: Prof. Sabine Süssstrunk

- March 2016–April 2017 Junior Specialist
EVOKE Lab & Studio
Donald Bren School of Information & Computer Sciences
University of California, Irvine
Advisor: Prof. Geoffrey C. Bowker
- Oct. 2013–Nov. 7, 2017 PhD Candidate
Laboratory of Digital Humanities (LaDHUL)
University of Lausanne
Advisor: Prof. Dominique Vinck
Co-advisor: Prof. Sabine Süssstrunk

Approved research projects

- Jan. 2019–June 2020 Designing Ground Truths in an Asset Management Firm: An Inquiry into Algorithmic Finance
Discipline: Sociology
SNSF Early Postdoc.Mobility Grant
P2LAP1 184113
- Aug. 2018–Sep. 2018 Exploring Algorithmic Finance: A Preliminary Investigation
Discipline: Sociology
Société Académique Vaudoise Bridge Grant
- Oct. 2013–Sep. 2017 Opening the Black Box of Digital Tools: An Ethnography of Computational Photography
Discipline: Sociology
Four-year SNSF Excellence Grant Doc.ch (SHS)
POLAP1 148948

Teaching activities

- Feb. 2024–Present Teacher of the undergraduate course *Communication B: Artificial Intelligence and Society* (EPFL)
- Feb. 2023–Present Teacher of the graduate course *Artificial Intelligence & Society* (Geneva Graduate Institute of International and Development Studies)
- Aug. 2021–Feb. 2022 Teacher of the undergraduate course *Science & Technology Studies A* (UNIL-EPFL)
- Feb. 2021–Mar. 2023 External lecturer for the graduate course *Personalized and Global Health* (EPFL)
- Sep. 2020–Nov. 2021 External lecturer for the graduate course *Critical Data Studies* (EPFL)
- March 2019–June 2020 Teaching assistant for the module *Stage ethnographique d'exécution* (Mines Paris – PSL Research University)

Sep. 2015–Feb. 2017	Teacher of the Bachelor course <i>Software Studies</i> (EPFL)
Reviewing activities	
October 2024–Present	Reviewer for the journal <i>Digital Society</i>
June 2024–Present	Reviews for the journal <i>Theory, Culture & Society</i>
March 2024–Present	Reviewer for the journal <i>Tracés – Revue de sciences humaines</i>
Janvier 2024–Présent	Reviewer for the journal <i>American Ethnologist</i>
Janvier 2024–Présent	Reviewer for the journal <i>Medicine Anthropology Theory</i>
August 2023	Reviewer for MIT Press <i>Infrastructures Series</i>
July 2023	Reviewer for MIT Press <i>Culture and Society Series</i>
January 2022	External reviewer for the UE Horizon 2020’s CHANSE (Collaboration of Humanities and Social Sciences in Europe) call “Transformations: Social and Cultural Dynamics in the Digital Age”
November 2021–present	Guest editor of the Special Issue of the journal <i>Social Studies of Science</i> entitled "Enabling AI: The situated production of commensurabilities”
November 2021-present	Reviewer for the <i>British Journal for the History of Science</i>
November 2021-present	Reviewer for the journal <i>Convergence: The International Journal of Research into New Media Technologies</i>
January 2021-present	Reviewer for the journal <i>Big Data & Society</i>
October 2020	External reviewer for an SES <i>Science & Technology Studies</i> U.S. National Science Foundation Grant
September 2019-present	Reviewer for the journal <i>Social Studies of Science</i>
November 2018-present	Reviewer for the journal <i>Revue d’Anthropologie des Connaissances</i>
August 2017-present	Reviewer for the journal <i>Sociologie et Sociétés</i>
Nov. 2015–June 2016	With Dominique Vinck, guest editor of the Special Issue of the journal <i>Revue d’Anthropologie des Connaissances</i> entitled “Ce que les data font faire aux Humanités (et vice-versa). Processus frictionnels de mise en base de données”

Institutional responsibilities

February 2025–present	Editorial board member of the high-impact journal <i>Big Data & Society</i>
March 2022–present	Board member of the <i>Commission Cantonale d’Ethique de la Recherche sur l’Être Humain</i> (CER-VD)
October 2021–May 2023	Coordinator of the research seminars of the <i>Sciences and Technologies Studies Laboratory</i> , University of Lausanne
September 2021–May 2023	Board member of the <i>Sciences and Technologies Studies Laboratory</i> , Institute of Social Science, University of Lausanne
September. 2021–present	Board member of STS-CH, the <i>Swiss Association for the Studies of Science and Technology</i>
May 2021–present	Core member of the <i>Foundations of Machine Learning International Working Group</i> , École Normale Supérieure – PSL University
October 2013–Mar. 2016	Coordinator the research seminars of the <i>Laboratory for Digital Humanities of the University of Lausanne</i> (LaDHUL)

Scholarly societies

Sep. 2020–present	Active member of the <i>Swiss Association for the Studies of Science and Technology</i>
Sep. 2019–present	Active member of the <i>International Network for Engineering Studies</i>
Sep. 2018–present	Active member of the <i>AAA Committee for the Anthropology of Science, Technology, & Computing</i>
Sep. 2018–present	Active member of the <i>American Anthropological Association, General Anthropology Section</i>
Oct. 2013–present	Active member of the <i>Society for the Social Studies of Science</i>

Organization of conferences

Mai 2024	Organization of the conference by Rémi Lebret (EPFL) ‘Revolutionizing Natural Language Processing with Deep Learning’, Geneva Graduate Institute.
August 2023	With Anna Jobin, chairman of the panel “The living rooms of computation: practices, habits, frictions ,” 2023 STS-CH conference, Basel.
April 2023	With Nolwenn Bühler, Nils Graber, and Francesco Panese, coordinator of the international symposium “Santé

- Personnalisée: Dialogue et Prospective,” University of Lausanne
- December 2022 With Loïc Riom, organization of the conference by Alexandre Monnin (ESC Clermont Business School) ‘Des arts de la fermeture à la politisation du renoncement’, University of Lausanne
- November 2022 With Loïc Riom, organization of the conference by Anna Skarpelis (University of Basel) ‘Horror vacui: Racial misalignment, repair and imperial legitimation in German national socialist portrait photography’, University of Lausanne
- September 2022 With Loïc Riom, organization of the conférence by Jérôme Denis and David Pontille (Mines Paris – Université PSL) ‘Le soin des choses. Politiques de la maintenance’, University of Lausanne
- September 2022 With Loïc Riom, Organization of the conference by Anna Mann (University of St. Gallen) ‘Too old and/or multi-morbid: Ending as a problematization of time in maintenance dialysis’, University of Lausanne
- June 2022 With Mylène Tanferri, organization of the conference by Morana Alač (UC San Diego) ‘On body-environment continuities from a laboratory commensalism’, University of Lausanne
- June 2022 With Mylène Tanferri, organization of the conference by Chris Salter (Concordia University & ZHdK) ‘Sensing AI: Sticking points. A conversation with Chris Salter’, University of Lausanne.
- May 2022 With Mylène Tanferri, organization of the conference by Cécile Fasel and Luca Chiapperino (UNIL-ISS) ‘Complexity in the life sciences: A post-genomic challenge?’, University of Lausanne
- April 2022 With Mylène Tanferri, organization of the conference by Jean-François Bert (UNIL-IHAR) and Jérôme Lamy (CNRS-Université Toulouse 2) ‘De l’art de savoir ethnographie les laboratoires. Quelques controverses sur la place des lieux dans la production des savoirs vivants’, University of Lausanne
- March 2022 With Mylène Tanferri, organization of the conference by Élise Demeulenaere (CNRS-EHESS) ‘Pratiques ontologiques en

- agriculture: le cas des semences paysannes et des microflores du lait en production fromagère’, University of Lausanne
- February 2022 With Mylène Tanferri, organization of the conference by Nicolas Berkouk (EPFL) ‘Le champ de l’*explainable AI*: des machines pour expliquer les machines?’, University of Lausanne
- November 2021 With Nolwenn Bühler, Luca Chiapperino, and Nils Graber, coordinator of the international conference “Personalized Health and Medicine in Social Sciences and Humanities Perspectives,” University of Lausanne
- November 2021 Chairman of the panel “Predictive Medicine and Diagnoses” at the International Conference “Personalized Health and Medicine in Social Sciences and Humanities Perspectives,” University of Lausanne.
- October 2021 Chairman of the panel “Bias, Risk and Opacity in Machine Learning Algorithms” at the Annual Meeting of the Society for the Social Studies of Science, Toronto/Online, Canada
- October 2021 With Nolwenn Bühler, Luca Chiapperino, Nils Graber and Francesco Panese, chairman of the panel “Data-based Biomedicine: Legacies, Frictions, Ontologies” at the Annual Meeting of the Society for Social Studies of Science, Toronto/Online, Canada
- September 2019 With Michael Mair and Philippe Sormani, chairman of the panel "Lab Studies Reloaded? Machine Learning, Ethnography, and Critical STS” at the Annual Meeting of the Society for Social Studies of Science, New Orleans, LA
- September 2017 Coordinator of the workshop and conference “Ethnographier les infrastructures informationnelles. Résultats et méthodes,” University of Lausanne
- August 2017 Chairman of the panel “Making Algorithms : Inscriptions, Benchmarks and Computers” at the Annual Meeting of the Society for Social Studies of Science, Boston, MA
- Prizes and awards**
- June 2018 *Société Académique Vaudoise* Award for the Best PhD Thesis of the University of Lausanne
- October 2013 Excellence Grant Doc.ch (SHS)
- March 2013 *Université de Lausanne Award* for the Best Master’s Thesis in Social & Political Sciences

Major peer-reviewed publications

- Janvier 2024 *An AI society. Issues in Science and Technology* 40(2): 76-88
- October 2023 *Enabling ‘AI’? The situated production of commensurabilities. Social Studies of Science* 53(5): 625-634.
- October 2023 *Groundwork for AI: Enforcing a benchmark for neoantigen prediction in personalized cancer immunotherapy. Social Studies of Science* 53(5): 787-810.
- May 2021 *The Constitution of Algorithms: Ground-Truthing, Programming, Formulating*. Cambridge, MA: MIT Press.
- April 2021 *Assessing biases, relaxing moralism: On ground-truthing practices in machine learning design and application. Big Data & Society* 8(1): 20539517211013569.
- November 2017 *We get the algorithms of our ground truths: Designing referential databases in digital image processing. Social Studies of Science* 46(7): 811-40.

In the Press/On the Web (selection)

- February 2024 *Ethnographie de l'intelligence artificielle*, interview podcast for the Radio Television Suisse (Tribu)
- November 2023 *Pourquoi la saga OpenAI aboutit au triomphe des partisans d'une accélération de l'Intelligence artificielle*, interview for the Swiss newspaper Le Temps
- October 2023 *Pour une explicitation généralisée du développement algorithmique*, note for Permanences Critiques
- April 2023 *Problématiser les algorithmes : théorie informatique et construction sociale*, note for Décodage – le blog de l'ASSH.
- December 2022 *The Constitution of Algorithms. Ground-Truthing, Programming, Formulating*, review of my book in La Revue d'Anthropologie des Connaissances
- September 2022 *De la centralité des bases de données “ground truth” dans la construction des systèmes algorithmiques*, note for the French magazine SILO - Agora des pensée critique
- May 2022 *Florian Jatón on his book, The Constitution of Algorithms*, interview for the CaMP Anthropology website (Indiana University)
- March 2022 *The Constitution of Algorithms*, book review podcast for the New Books Network

- February 2022 *How algorithms come into being*, book review on TechTalks website
- October 2021 *De la division du travail algorithmique*, book review in the French journal *Libération*
- September 2021 *Saliency Machines*, review of my book in the Social Epistemology Review and Reply Collective
- August 2021 *L'assemblée des algorithmes*, review of my book on La Vie Des Idées (Collège de France)

Career break

January–June 2018 Exploratory journey through the Indian subcontinent

Skills

Languages French (mother language), English (fluent), German, Spanish
Computer skills Python, HTML/Javascript/PHP, Matlab, Microsoft Office

Theses

- Jatón F (2017) *The Constitution of Algorithms. Ground-Truthing, Programming, Formulating*. PhD thesis, University of Lausanne, Lausanne, Switzerland. Winner of the *Société Académique Vaudoise* award 2018. Thesis committee: prof. Nicky Lefeuve (UNIL), prof. Dominique Vinck (UNIL), prof. Sabine Süssstrunk (EPFL), dr. David Pontille (Mines ParisTech), dr. Olivier Glassey (UNIL), prof. Geoffrey C. Bowker (UCI).
- Jatón F (2013) *Ethnographie d'un projet d'architecture. Une expérimentation sur le mode de l'acteur-réseau*. Master's thesis, Université de Lausanne, Suisse. Winner of the SSP Faculty Award 2013.

Notes and interviews

- Jatón F (2024) *Ethnographie de l'intelligence artificielle*. Interview podcast for the Radio Télévision Suisse (Tribu).
- Seydtaghia A (2023) *Pourquoi la saga OpenAI aboutit au triomphe des partisans d'une accélération de l'intelligence artificielle*. Interview for the Swiss newspaper Le Temps.

- Jaton F (2023) *Pour une explicitation généralisée du développement algorithmique : conception-problématisation et diffusion-performance*. Note for Permanences critiques, journal des savoirs critiques.
- Jaton F (2023) *Problématiser les algorithmes : théorie informatique et construction sociale*. Note for Décodage, le blog de l'ASSH.
- Jaton F (2023) *Julie Patarin-Jossec – La fabrique de l'astronaute*. Review for the Revue d'Anthropologie des Connaissances.
- Jaton F (2022) *De la centralité des bases de données “ground truth” dans la construction des systèmes algorithmiques*. Note for SILO, l'agora des pensée critiques.
- Jaton F et Gershon I (2022) *Florian Jaton on his book: The Constitution of Algorithms*. Interview for the CaMP Anthropology Network website.
- Seydtaghia A (2022) *Les algorithmes, enjeu majeur du rachat de Twitter par Elon Musk*. Interview for the Swiss newspaper Le Temps.
- Jaton F et Clyde A (2022) *The Constitution of Algorithms*. Interview podcast for the New Books Network.
- Jaton F (2022) *Matters of social epistemology: A comment on Emma Stamm's review*. Note for the Social Epistemology Review and Reply Collective.
- Celnik N (2021) *De la division du travail algorithmique*. Interview for the French newspaper Libération.

Keynotes/Invited lectures

- Jaton F and Lenglet M (2024) A critical praise of algorithmic agency: Phased wisdom, isomorphic trueness, and extrinsic intelligence. AlgoSocietes, London, 29 October.
- Jaton F (2024) *IA et référence performative: le cas du projet TESLA et des néoantigènes en immunothérapie personnalisée du cancer*. The Médialab Seminar. Sciences Po, Paris, 17 September.
- Jaton F (2024) *Computational genomics inside out: Certify, standardize, accredit*. Professional Datasces. King's College London, London, 24-25 June.

- Jaton F (2015) *Entering the water. What is the territory of salient object detection? (part 3)*. Séminaire du Image & Visual Representation Lab, EPFL, Lausanne, 15 December..
- Jaton F (2015) *Shaping a diving board. What is the territory of salient object detection? (part 2)*. Séminaire du Image & Visual Representation Lab, EPFL, Lausanne, 5 May..
- Jaton F (2015) *Under the water. What is the territory of salient object detection? (part 1)*. Séminaire du Image & Visual Representation Lab, EPFL, Lausanne, 1er March..
- Jaton F (2015) *Opening the black box of computational photography. An ethnography of computational photography*. Séminaire du LaDHUL, Université de Lausanne, Lausanne, 28 October..
- Jaton F (2014) *Résultats préliminaires d'enquête. Le concept de 'ground truth' en traitement de l'image digitale*. Séminaire du LaDHUL, Université de Lausanne, Lausanne, 10 November..
- Jaton F (2014) *Quelques raisons de ne pas enquêter sur le façonnage d'artefacts digitaux (et de le faire quand même)*. Journée doctorale STS, Université de Genève, Genève, 26 September.
- Jaton F (2014) *Exploring computational photography. (Very) First diplomatic propositions*. Séminaire du Image & Visual Representation Lab, EPFL, Lausanne,, 23 June..

- Jaton F (2013) *Acteur-réseau, humanités digitales et modes d'existence*. DH Lab doctoral workshop, EPFL, Lausanne, 1st of November..
- Jaton F (2013) *Accounting for computational photography. A diplomatic experiment*. Séminaire du Image & Visual Representation Lab, EPFL, Lausanne, 1st of November.

Academic reports

- Jaton F (2015) *Designing "ground truths" in an asset management firm: An inquiry into algorithmic finance*. Project report, CSI – Mines Paris & Swiss National Science Foundation, November 16, 2020.
- Jaton F (2015) *Encore une base de données sur des manuscrits ! Approches pragmatiques des manuscrits de la mer Morte*. Miméo, compte rendu de l'exposé de David Hamidovic lors du séminaire du LaDHUL du 26 mars 2015.
- Jaton F (2015) *Représentation de la migration non-documentée tunisienne (harga) sur Internet. Approches méthodologiques pour une anthropologie de Facebook*. Miméo, compte rendu de l'exposé de Monica Salzbrunn et Simon Mastrangelo lors du séminaire du LaDHUL du 3 mars 2015.
- Jaton F (2015) *Big Data : À qui profite le Même ?* Miméo, compte rendu de l'exposé de Sami Coll lors du séminaire du LaDHUL du 15 février 2015.
- Jaton F (2014) *Du corpus numérisé au matériau. L'exemple du Montreux Jazz Digital Project*. Miméo, compte rendu de l'exposé d'Alexandre Camus lors du séminaire du LaDHUL du 11 décembre 2014.
- Jaton F (2014) *Big Data Challenges, Opportunities and Avenues of Research*. Miméo, compte rendu de l'exposé de Periklis Andritsos lors du séminaire du LaDHUL du 24 novembre 2014.
- Jaton F (2014) *Du jeu de données à la multiplication des sources. Remise en cause d'un paradigme de recherche ?* Miméo, compte rendu de l'exposé de Dominique Joye lors du séminaire du LaDHUL du 28 octobre 2014.
- Jaton F (2014) *Constitution d'une base de données de dessins de dieux réalisés par des enfants*. Miméo, compte rendu de l'exposé de Pierre-Yves Brandt lors du séminaire du LaDHUL du 29 avril 2014.

- Jaton F (2014) *Approches sociologiques des bases de données*. Miméo, compte rendu de l'exposé de Dominique Vinck et Pierre-Nicolas Oberhauser lors du séminaire du LaDHUL du 31 mars 2014.
- Jaton F (2014) *Le projet Lumières.Lausanne*. Miméo, compte rendu de l'exposé de Bela Kapossy et Marion Rivoal lors du séminaire du LaDHUL du 20 mars 2014.
- Jaton F (2014) *Bases de données relationnelles (notions et souvenirs d'un amateur) : une approche STS*. Miméo, compte rendu de l'exposé d'Andréas Perret lors du séminaire du LaDHUL du 30 janvier 2014.
- Jaton F (2013) *Bases de données en sciences humaines : création et pérennisation*. Miméo, compte rendu de l'exposé de Nicolas Bugnon lors du séminaire du LaDHUL du 30 septembre 2013.
